BIGGER PIZZA, SUSTAINABLY SOURCED

Recently we have increased the size of our pizzas by 33% and have started sustainability sourcing our ingredients: Shepherd's Grain (Ritzville, WA); Vantaggio Cheese (Lemoore, CA); local/organic produce programs from Charlie's Produce (Seattle, WA); And meats from Zoe Meats (Seattle, WA). It costs a bit more, but buying sustainable is better for us all in the long run.
